## HARTIGAN KITCHENS

.....

Hartigan Kitchens & Bedrooms is a small but well established company based in Douglas, Cork. We've been providing kitchens for over thirty years and in that time we've built up enough experience and knowledge to make the stages of buying your kitchen as easy as can be.

Our expert designers, craftsmen and fitters work hard to deliver the exact kitchen you want. If you're not sure about what you want our customer service team will look after you.

## PAINTED KITCHENS

.....

Of course you want your new kitchen to be attractive and easy on the eye but you want more than this: you want it to have personality and character. You want it to say something. Choosing the right colour scheme plays a huge part in determining what personality your kitchen will express.

The arrangement of colours and hues is a powerful stimulant to ideas and imagination. Artists have known this for tens of thousands of years. In selecting your colours you have to think like an artist. Let your kitchen become your muse!

## COUNTRY KITCHENS

.....

Country kitchens are everything a kitchen should be: warm, inviting, charming and hospitable. If you like the sound of this but you are living in the city, fret not. These days you don't have to be living in the heart of the countryside to own one. The country kitchen can be emulated in almost any house, anywhere. So what's in a country style kitchen?

Well, two important elements are light and space. This type of kitchen is traditionally well lit as electricity didn't come to many rural areas until relatively recently. A large window in the right place will do this. It is also spacious and uncluttered. An ideal work place.

## BESPOKE KITCHEN DESIGNS

.....

Whether it be classical, traditional or contemporary, we offer a genuine range of bespoke kitchen solutions to choose from. Thinking of getting a kitchen island or a vintage style kitchen?

Dreaming about a traditional style walk in pantry? Why not call out to us today and we can chat about it. We are dedicated to providing quality kitchens for Cork homes. We build kitchens that last through the generations. Whether you live in Cork city or county we will serve you. We are committed to excellence and the continuation of our good name.
